August fieldtrip

On Saturday, August 9, six members of GNOPS met at the museum. Those attending were; Rose and Mike Parker, Jean Manale, Ken Bell, Kathleen Carrigan and Pat Ammon. We went primarily to see the exhibit of photographs by Stuart Klipper that was hung on August 2. His color photographs of rural Louisiana were interesting and sparked some debate and opinions by the viewers. Rose, ever on the lookout for photo ops and fun places for the club members, saw many possibilities in the Cajun land of rice fields, derelict buildings and lonely country homes.

We were met at the museum by our former member, Harriett Thompson who has been a docent at the museum. She very graciously agreed to lead our group and explain some facets of not only the Klipper exhibit, but other art works throughout the museum.

We ended our tour on the outside deck of the fifth floor with a view of the bridges spanning the Mississippi, traffic along Camp Street and a westward look at Lee Circle. The day was sunny and hot and we were all happy to have had our field trip in air conditioned comfort.
